Partial List of Activities Concerning Strategic Warning
Since Publication of NIE 11-10-66, 18 August 1966

25X1

27 Feb 67

[redacted] who had been working on the project for Mr. Bross, submitted a comprehensive report on strategic warning to the DCI. The report concluded with 27 general and specific recommendations. After considering comments on the report made by DIA and NSA--State did not comment--, Mr. Bross gave the report to [redacted] of his staff for preparation of a memorandum furnishing comments on the report to the DCI. As a follow-on action the DCI approved, on 29 September 1967, the establishment of a Strategic Warning Working Group (SWWG) under the chairmanship of [redacted] with representation from DIA, NSA, State and CIA. ([redacted] is the Agency member

New DCID No. 1/3, "Priority National Intelligence Objectives," approved by USIB. Objectives (1 and 2 only):

1. Maximum prior warning of impending military attack on the U. S., on U. S. forces overseas, or on any country which the U. S. is committed to defend. This includes, but is not limited to:

a. Major changes respecting nuclear weapons and the means for delivery, and strategic defenses; and,

b. Major changes in the strength, organization, and disposition of the general purpose forces of Communist countries.
